

Choose the Measuring Tool

Name _____

Date _____

Measuring Tools

meterstick	yardstick
ruler (in.)	ruler (cm)
balance	scale
cup	liter
gallon	tape measure

Write the tool you would use to measure each.

1. mass of a pumpkin

2. height of a mouse

3. amount of oil in a tanker

4. width of a bed

Match each object with the tool you would use to find each measure.

5. weight of an apple

a. meterstick

6. height of a picture frame

b. gallon

7. length of a porch

c. inch ruler

8. water in a park fountain

d. scale

Name two things you can measure with each:

9. meterstick or yardstick

10. inch ruler or centimeter ruler

11. liter or gallon
