

VERBALS: GERUNDS

A few weeks ago, you read about Verbals on pgs. 210-214 of the white Grammar book. If you need to, you can reread those pages to help you with this assignment.

First, look over the examples in #'s 1 and 2.

Then analyze, chart, tell what kind of sentence, and parse "Traveling" in Example #3. You may use the lower half or back of this paper to do so.

Traveling brought us to many poor but joyful

villages.
