

Todo sobre mí

Final grade, Español 2, Mrs. Houts

Part 1: Use the example below as a guide to create a poster about yourself. Then, take a photo of your poster and share it with me by email. Write in complete sentences in Spanish, and don't forget to write both about the past as well as the future where appropriate. Use object pronouns in at least one sentence.

For example: (You only need 1-2 sentences for the whole project showing the past tense and future tense. The English is to guide you. Please use only Spanish in your project.)

Past tense- Cuando era niño mi comida favorita era el helado de chocolate, pero ahora me gusta comer helado de fresa. Ayer lo comí.

When I was a child, my favorite food was chocolate ice cream, but now I like to eat strawberry ice cream. I ate some yesterday.

Future tense- Me gustaría ser veterinaria para cuidar a los animales. I would like to be a veterinarian in order to take care of animals.

Part 2: Use the Marco Polo app to record a video and share it with me. Add my school email to your contacts in the app. You only need to say one sentence per part. Don't read the project. You should be able to introduce yourself, give your information, and say good-bye within 1-2 minutes. What do you think would be the most interesting information per each part for me to know?

Rubric (How you will be graded):

Writing- Complete sentences, variety of vocabulary and grammar structures.

Fluency- You made your video from memory. It flows well.

Pronunciation- You have given your best effort to pronounce Spanish well. Think about how we practiced the alphabet and vocabulary.

****Remember, this is your only grade this term. You must do this project or your grade will be a zero. You must do both the poster and the video. The poster is worth 50% of the grade, and the video is worth 50% of the grade.**
